RE: ***UCANE's 68<sup>th</sup> Anniversary Commemorative Issue of Construction Outlook Magazine***

Ceremonies marking UCANE's 68<sup>th</sup> Anniversary and the installation of **UCANE President, Ryan McCourt of McCourt Construction Company** and our 2022 Officers and Board of Directors will be held on February 15<sup>th</sup> at the Four Points by Sheraton Hotel, Norwood, MA.

These members have accepted a great responsibility to make the New England underground utility contracting industry stronger and more prosperous by setting the goals and direction of our Association for the coming year.

In addition, they will represent your company and our industry with State and Federal legislators, agency, and department heads, and local and national Associations that they are in touch with during the year.

**Help us show our Officers and Board that they have our total support. If you previously placed a congratulatory ad in our magazine, we are asking you to repeat, or increase, the size of your ad again this year. Attached is a copy of your previous ad with the publication rates which have remained the same for the past 10 years.**

**If you have not previously placed an ad in the Commemorative Issue of our magazine, sample ads are also attached for your convenience. I look forward to your positive response, and ask that you return the enclosed form by February 10, 2022.**

***Thank you in advance for your ongoing support!***
