

MAKE YOUR COMMITMENT NOW TO BETTER OUR INDUSTRY!

Dear Future Member,

Since 1954

Your decision to join UCANE has many benefits. For us, our membership increases and that helps strengthen our Association's clout as we fight for more state and federal funding for clean water and wastewater programs, as well as the underground utility construction industry, in turn making your company more successful.

Please take the time now to complete this application and mail it back to the UCANE office. I look forward to receiving your completed application and your participation in our activities. *(Payment must accompany application.)*

Joseph Nolan
UCANE Executive Director
